When ordering a new **Inland Petroleum BP+** card there are a number of details required.

### Card Names

All cards must have either a name, or the description and registration of a vehicle. The name or description will also appear on your statement, so we recommend that you choose a name or description that is easily understood by you and your company.

### Card Security

You must have a PIN associated with the card. Transactions processed at the counter through Inland Petroleum owned sites will not require the PIN but a signature is mandatory. Cards used in Inland Petroleum's OPT's (Outside Payment Terminal's – out of hours purchases) and all other BP sites will require the PIN to be entered.

### Card Restrictions

Product restrictions on cards are available when used through the BP system at other BP sites across Australia. Please select from the below list. If no selection is made the card will be ordered 1A (no restrictions).

- 1A – All Fuels (Motor Spirit, Diesel and LPG) and all Non-Fuel items.
- 1E – All Fuels (Motor Spirit, Diesel and LPG) and Lubricants.
